COMPANY PROFILE

WETLANDS POLYGRAPH SERVICES cc

INTRODUCTION

Wetlands Polygraph Services was founded in 2004. Our company strives to be not only be one of very few but the best when it comes to quality and customer service. It is operated by WP Van Der Merwe, a qualified polygraph examiner who is fluent in English, Afrikaans and Zulu. He carries out a polygraph examination to determine whether the examinee is being truthful or deceptive in the matter concerned. WP has to date performed more than 20,000 Polygraph Tests and is the most experience polygraph examiner in Zululand.

PROCEDURE OF POLYGRAPH EXAMINATION AND RESULTS

During a pre-examination the examinee gets the opportunity to give his / her view on the case facts and any knowledge concerning the related situation. He / She also gets interviewed regarding their personal and medical history to determine whether the examinee is suitable to undergo a polygraph examination.

All the questions asked during the test are explained and discussed with the examinee to ensure that they understand all questions asked clearly. Therefore, a consent form is required to be signed by all parties tested.
